Government Reports Lt. Warren Adams Lost

LT. WARREN ADAMS

It is with a deep feeling of sadness, this week, that the Herald records the final chapter in the life of one of this community's finest young men, Lieutenant Warren Adams, son of Mr. and Mrs. Seth Adams who reside just east of Hamlin.

Lieutenant Adams' last known activities in the titanic struggle of nations were on August 2, 1944, some time in the afternoon of that day. He was perhaps lost in the waters of the Mediterranean, while in the services of his country, according to reliable information.

On Wednesday, August 16, 1944, a message came to Mr. and Mrs. Adams that their son, Lt. Warren Adams was missing as of the date of August 2. Since that hour, no person, except those who have experienced a similar ordeal, could know the anxiousness and heartaches that have been for the Adams family to endure. The uncertainty of it all was so hard to bear. Mr. Adams and his family have had community-wide sympathy all those days. Since then, every day and hour, Mr. Adams longed to get some news, some satisfaction as to what happened to his boy, so he did not wait for the mail to be brought out to his home about 1:00 P. M. each day, but he came to the office in Hamlin, waiting and longing, regardless of his farm duties and scarcity of help. We tell this because no one knows the price of war more keenly than do Mr. and Mrs. Adams. During the months that have passed, Mr. Adams has sought every possible clue and angle to learn the fate of his son. He has communicated with and visited a part of the crew who survived (four out of ten), so now we come to the latest official report:

"Washington, D. C., Sept. 16, 1944

"Dear Mr. Adams:
"I am writing you with reference to your son, Second Lieutenant Warren Adams, who was reported by the Adjutant General as missing in action over Liguria, Italy, since August 2.

"Further information has been received indicating that Lt. Adams was a crew member of a B-24 (Liberator) bomber which departed from Southern Italy on a combat mission to Genoa, Italy, on Aug. 2. Full details are not available, but the report indicates that during this mission at about 12:55 P. M., approximately twenty minutes before reaching the target, over the Gulf of Genoa, your son's bomber was seen to drop its bombs and to head towards Corsica. The report further states that Lt. Adams' Liberator was under per-

A Few Ex-Soldiers Might Get Farms

Servicemen of Jones County returning from military duty and interested in establishing themselves on family-type farms may apply at the Farm Security Administration office for a government loan covering full cost of land and improvements, according to Tom Wiley, FSA Supervisor. A limited number of such loans may be made in this county as a result of a new \$25,000,000 appropriation Congress has voted FSA for a farm ownership program for veterans.

For 1945-46, Congress voted FSA more than three times as much money as it did in the last fiscal year for loans to farmers under provision of the Bankhead-Jones Tenant Purchase Act. The agency will have \$50,000,000 as against \$15,000,000 for last year. One-half of this has been set up as a program specifically for ex-soldiers.

Veterans will have the same terms as other farmers. Loans may run for 40 years and bear three per cent interest. Only those who are unable to obtain adequate financing through other sources are eligible for FSA loans.

Applicants are invited to visit the FSA office at Anson after locating the farms they want to buy. Each farm is appraised in line with its actual value based on its long-time earning capacity. The FSA committee of local farmers determines the eligibility of applicants. E. D. C. Appling and W. L. Alford comprise the committee in this county.

"Many veterans will find it desirable to work several years as tenants before becoming landowners," Mr. Wiley declared. "Under its rural rehabilitation program, FSA is able to make operating loans for purchase of equipment, livestock, feed, fertilizer, seed, and minor improvements."

Funeral services were held at the First Baptist Church last Saturday afternoon at 2:30 for George Y. Potter, farmer, who died at his home east of Hamlin Friday, August 24, at 4:30 A. M. He was 57 years, seven months and 21 days of age.

Mr. Potter was born in Tennessee and came to Texas at the age of five. The family settled near Abilene. He was married to Miss Rosie Bush on July 12, 1914. He was a member of a Baptist Church near Abilene at the time of his death. He had been in ill health over a year.

Rev. B. J. Martin conducted the funeral services, and the Lawrence Funeral Home of Anson had charge of interment in East Cemetery.

USS MISSOURI TO BE THE SCENE OF JAP SURRENDER

This marks the "Spot" where Japan will sign on the "Dotted Line" Sunday, September 2, 1945

The United States Navy's mighty 45,000-ton battleship, the USS MISSOURI, will end her World War II career in a blaze of glory, September 2, 1945, in Tokyo Bay when she serves as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of Pres-

ident Harry S. Truman, the fighting USS MISSOURI has been named by the General of the Army, Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-Chief of the United States Pacific Fleet and Pacific

Ocean Areas, will sign for the United States; General of the Army, MacArthur, for the Allied forces which fought in the Pacific. The USS MISSOURI was launched Jan. 29, 1944. Construction was ordered June 12, 1940. Her keel was laid on Jan. 6, 1941, at the New York Navy Yard.

Gen. Page Comments On 'Why Keep Drafting'

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, General J. Watt Page, State Selective Service Director, said Friday that "as a matter of fact, the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally," General Page said, "they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our country. In addition to being non-compensated, they have neglected their own business. In many cases they have lost money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations. They can never be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained in their hearts and souls in the knowledge that they have served fearlessly, tirelessly and honestly for their country. No man can do more. BUT their job is not yet completed, even though the shooting-war is over.

"Millions of our boys are overseas and have been there and in combat for several years. Certainly, they should now be allowed to come home to their families. For example, I haven't seen my boy for over three years. Now, 'my boy' is simply representative of hundreds and hundreds of thousands of other fathers and mothers and wives with men long in the service. The government is strenuously trying to return these men. In fact, right here in Texas the official reports of discharges which we are receiving at Selective Service Headquarters now total close to 1,000 notices per day. The Army, the Navy, the Marine Corps and the Coast Guard cannot keep this up unless, of course, we can send able-bodied men overseas to replace those who should now be sent home.

"Surely, in this democratic country of ours, it is expected that every man shall participate in its wars. A great many of our young men in the 18 through 25 group have been

Schedule For High School Grades

The Seniors of the High School will report for registration on Thursday at 8:45 A. M., and the Juniors at 1:00 P. M. Sophomores will enroll at 8:45 A. M. on Friday, with the Freshmen following at 1:00 P. M.

Buses will operate on each of the registration days and will make only one round-trip over the routes. Since the Elementary cafeteria will not be in operation until Monday, Sept. 10, the pupils who come in on the buses should make arrangement for their lunch.

I. R. Huchingson, Superintendent.

deferred for one reason or another. These young men have been on good salaries. They have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these young men now take up the gun and 'stand guard' for a while?

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 per month for the nation—but, as President Truman has pointed out, they are still necessary. That is why most of the local boards are 'standing by their guns' and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

Men Inducted Into Armed Services

A report from the Jones County Local Board, Anson, Texas, on Aug. 27, states that the following men were inducted into the armed forces: James Earl Harris, Bob Cecil Prindle, Billy Joe Hall, Arwell Arwin Davis, Willie William Buerger, Warren Dale Black, John Clinton Hill, Lewis Wayne Terrell, and Rogie Lee Cohorn.

CONGRESSMAN SAM RUSSELL IN HAMLIN TUESDAY

Congressman Sam Russell was in Hamlin a few minutes Tuesday morning on his way to Rotan and Sweetwater. He had only a short "howdy" as he passed his friends. Maybe he will return later, but not before Congress meets and adjourns. Now is a mighty good time for members of Congress to come close up to the people. Much is to be done in the next few months, and to have a talk with Congress may help them to take a course that will be pleasing to the general public. However, some times the public is as puzzled as the congressmen as to what course to advocate or look forward to. All any good citizen can do is to pray God's blessing upon our nation, guide and keep us. There are so many angles of national life in these days until no one is wise enough to see through everything, very far in advance.

Office supplies at The HERALD.

—Of all the modern alphabetical combinations, the one Hamlin should be looking for NOW is DDT. The Herald wants the first gallon.

—Of all the over-worked expressions, even long before the Germans and Japs were whipped, is the booger about the "Unemployed." Shucks, so many people have been so tightly bound down with work till a bit and a big bit of unemployment would be good for their health.

—Of all the anxious government job holders, those who are assigned to "help" the returned soldier find out what his country is like and what kind of a job he can get—that one is over-worked, too. The ex-soldier still has plenty of hoss sense. Don't rush 'em, fellers.

—Of all the dumb-fool things any legislature ever submitted to the "poor ignorant voters" was the one last Saturday to boost their salary from \$600 per ordinary term to \$3,650 per year, or \$7,300 per term...well, mister, from the way the people voted, who is "dumb"? In Hamlin West Box, only 10 persons thought the legislators should be paid for doing nothing, and 95 voters said NO.

—Of all the things Texas people voted upon that was popular "FOR" it was to permit men and women in the Armed Forces to vote without a poll tax. In Hamlin's West Box, just 16 persons thought servicemen should pay a poll tax. Eighty-seven said, "Let's let 'em vote free of that tax." (The Herald failed to get a report on Hamlin's East Box.)

—The other two amendments in the West Box got a black eye. That is 47 wanted to increase the Supreme Court to nine members; 58 did not. Only 31 voted to increase the State Aid to old people and 74 were against the proposition. Any way it can be assumed that some people just did not understand what it all meant, except the soldier vote and the legislative raise. They got that idea over good and strong all over Texas.

—Well, the ride most Americans would like to see is that one down Tokyo's main street when Admiral Halsey gets on Hirohito's horse.

Final Report, War Department

"August 3, 1945

"Dear Mr. and Mrs. Adams: Since your son, Second Lieutenant Warren Adams, 0717024, Air Corps, was reported missing in Action Aug. 2, 1944, the War Department has entertained hope that he survived. . . However, as in many cases, the condition of warfare deny us such information." (Then follows the same information as first given above.) . . "Full consideration has recently been given to all available information bearing on the absence of your son, including all records, reports, and circumstances. These have been carefully reviewed and considered. . . The War Department must terminate such absence by a presumptive finding of death. . . I hope you may find sustaining comfort in the thought that the uncertainty with which war has surrounded the absence of your son has enhanced the honor of his service to his country and of his sacrifice. (Signed) Edward F. WITSELL, Major General, Acting Adj. Gen."

(These documents and the time lapse since Warren was reported missing in action, almost shut out all further hope that he survived.)

Warren Adams was born at Stamford, Texas, Feb. 22, 1923, and in later years, he moved with his parents to their farm home east of Hamlin. He attended the Hamlin schools and graduated with honors in 1939. He attended Texas Tech from Sept. 1941 to Feb. 2, 1943, specializing in Petroleum Engineering. Evidences of what kind of character Warren Adams was are shown in the following quotations from letters to the parents: "I was sorry to learn that your son, Warren, is missing. Any words I could say would be poor comfort to you, but as one of his teachers in Hamlin High School, I want to tell you how this news touches me and what a fine boy I considered your son to be. Warren

was one of the most intelligent pupils I ever had. He was quiet in his class, but I came to recognize that quietness as a true measure of the depth of his fine character. . . Mrs. Hermona Shadle Jenkins."

The same tone of high esteem came from Mrs. Nelson, a lady in Lubbock, with whom Warren boarded, and who learned his outstanding character, as we here in Hamlin knew Warren to possess.

Warren entered the armed services Feb. 2, 1943, in the Army Air Force. He trained at Sheppard, Kelly, and Ellington Fields, Texas; Harlingen Gunnery School, where he received his Gunners Wings and a Marksman's Medal; the Advanced Bombardier School at Big Spring, Texas, where on March 18, 1944, he was commissioned a Second Lieutenant. He then went to combat training at Biggs Field and was sent to Topeka, Kan., for staging. He went overseas July 1, 1944, landed in Italy and was assigned to the 15th Air Force as bombardier on a B-24. He almost at once began to see action. He engaged in about four bombing missions before he went down. Evidences of these and the extent of his services are shown in his personal effects—one of which is a tag (familiar to all bombardiers) filled out in his own handwriting, carrying this information, "July 26, 1944—Vienna — 5-1000 (meaning bombs) 7 hrs. No. 1 & 2—Spach (meaning the pilot)" The tag is the kind all bombardiers handle as they pull the pin from the bomb release. This mission over Vienna was so effective and dangerous that the group of Liberators was cited for its "determination and outstanding professional skill."

On Aug. 2, 1944, Bombardier Adams and his crew left the Foggia, Italy, Air Base to bomb Genoa which is across the peninsula and north of Corsica. They probably went west to Corsica and turned north to Genoa. Warren was not flying with his regular crew but as a fill-in. The plane had been repaired, one new wing, and everything seemed in shape till near the target, they discovered oil leaking. Soon they left formation, veering to the left to circle back to Corsica, but the four engines went out of commission and they headed for the Italian mainland, near La Spezia, but the ship was losing altitude so fast the order came to bail out. It was perhaps then about ten miles or so out, when some may have bailed out, while the four who were saved and were the last out, got close enough to land to swim ashore, but only after hours of toil. One man, swimming, was shot by the Germans from the shore. One remained with the plane until it crashed on land and was taken prisoner into La Spezia.

Four men got back to America, one was known to have been shot, and five were never heard from. The lost were Lt. Adams, Hamlin; Lt. Specker, Meadville, Pa.; Lt. Posivio, Sherburn, Minn.; Cpl. Shantz, Chicago; Cpl. Foster, Austin, Texas; and Cpl. Fowler, Seligman, Arizona. The rescued were Lt. Spach, Winston-Salem, N. C.; S/Sgt. Greer, Red Rock, Okla.; S/Sgt. Mahoney, Stoneham, Mass.; and Cpl. Joyce, Cranton, R. I.

Mr. Adams has had letters or personal visits to one or more of the survivors, and expects to visit the pilot, Spach, in North Carolina soon. The various letters from the men, and letters from the bereaved ones, have helped to throw light on what happened to Warren. Everything emphasizes the point that a fine character has paid the price for the victory that we now enjoy. Such young men, as Lieutenant Adams, are the material that makes our great country Great. To the father who served in World War I, and to the mother, the brothers, Seth, Jr. and Jon, and the sisters, Olive and Jane, we extend the sincere sympathy of the entire Hamlin community.

LOST ABOUT \$375 LAST SUNDAY

An ex-soldier man, T/Sgt. Thurman L. King, of 826 Chestnut, Abilene, but formerly of Roby, was in Hamlin last Sunday, and he lost his mustering out pay and a pension check, totaling about \$375.00, either at the picture show or the Gulf Service Station.

King will pay \$100 reward for his money, papers, and purse back. There were plenty of identifications in the purse. Some one can help out an overseas man right here. His address is 826 Chestnut, Abilene, or notify Reynolds Drug in Hamlin.

Recently the Herald had a letter from Pfc. Iris Pribble, who is still classed as a soldier, whose address is now S. P. Trailer Court, Dormitory I, Hunters Point, Oakdale Ave., San Francisco, Calif. Quite a long address, but don't blame Iris. He says he is a "half-breed soldier-civilian." You see some time ago they were calling earnestly for men to help man the railroads, even asking soldiers to volunteer for the job. So Iris Pribble says, "Maybe it will help win the war, so I'll railroad for 'em."—and that's what makes this Texas-New Mexico fellow a "half-breed soldier-civilian." . . Iris gets regular railroad labor pay and, being a soldier, gets the soldier pay, too. Iris says, "I hope I'll get to stay until the prisoners of war are returned from Japan. It would be grand to be here when they arrive."

(Folks, you know his brother, Foy Pribble, has been a prisoner of the Japs, since the Philippines were taken in 1942.) It surely looks good now, Iris. Don't think you will have to wait much longer. Thank you for your letter.

Some how, the Herald missed seeing T/Sgt. Jack Maberry who was at home not long ago. He writes us in this manner: "I was at home recently but did not get to see you. I wanted to give you a little gossip for the home-town paper. I was married to Miss Dan McCourtney of Jonesboro, Ark., in the First Methodist Church, on Sunday morning, Aug. 5, at 9:00." Well, Sgt. Maberry, did you have your bride with you when you were in Hamlin? We know how you look, and so now we shall be looking forward to meeting the Arkansas girl. Congratulations—however so late in being extended.

S&S

Mrs. J. W. Brown of LaVerne, Calif., sends in a renewal for the Herald and tells us that her son, Wm. T. Brown, recently spent 30 days at home after serving many months with an engineering battalion in Europe. This was one of the first young Hamlin boys to get into the service.

Lloyd Andress writes us that he was up from Camp Bowie on a two weeks furlough a few days ago, but went on to Kansas and failed to see Ye Editor. But Monday, he says, they are sending him to California. It lacks only a little of being five years since Lloyd entered the Army. He has served in the Aleutians and in many states. We are hoping he will be released soon.

S&S

Sgt. George I. Kinney, who had spent a 30-day furlough with his wife in Hamlin and his parents, Mr. and Mrs. J. H. Kinney in Stamford, left Saturday for San Antonio, to be reassigned to another camp in Alabama. Sgt. Kinney had served in England 13 months, as a member of the X-Ray staff of a General Hospital. He has been in service almost three years.

S&S

First Lieutenant Lester Morton and his wife were enjoying visiting Hamlin friends Sunday. He arrived at home from the Pacific last week, after giving the Japs a lot of bombs. He has been too busy catching up on visiting home folks to let other people learn much about his experiences in the Pacific. Also visiting in the J. H. Morton home Sunday was a grandson, Dale Lane, Seaman 2/c.

S&S

Mr. and Mrs. W. L. Boyd had as their guests, Sunday, their son and wife, Mr. and Mrs. Wright Boyd of Lamesa, and their grandson, First Lieutenant Wright Boyd, Jr., who has been at home only a few weeks from the Pacific. Also with them was Miss Ernestine Gambill of Lamesa.

S&S

Public Relations Office at Camp Gordon, Ga., tells us that our Hamlin boy, T/Sgt. Jon Max Taylor, is getting out of the Armed service. Information is that Sgt. Taylor has served four years and four months, of which 28 months were spent overseas in the African-European and Asiatic-Pacific areas. Max has received two combat stars for the European Theater and one for the Asiatic, and he wears the Good Conduct ribbon. He served in the 81st Fighter Group, 14th Air Force in China and the Air-Sea Rescue Sq. (PBV) 12th Air Force, North Africa. His father is F. C. Taylor, who now makes his home in Houston.

(Mr. Taylor was here last week visiting old friends and his brother at Radium.)

S&S

The Herald has an invitation to the coming marriage of Sgt. William G. Garrison, a Hamlin boy, to Miss Betty Mae Russell of Hollidaysburg, Pa., on Sept. 2. Thank you, Sgt., wish we could be there. Hope to see you and Mrs. Garrison in Hamlin soon.

REFRIGERATORS

WHEN? We don't know exactly, but it won't be long now. Materials are daily getting more plentiful. As war contracts are steadily reduced, manpower will be available to build peace-time products once again.

WHAT? What will the new models be like? No accurate news on that, either. But look for great things from SERVEL, the GAS or BUTANE refrigerator. It was great before the war, but it will be even finer, more efficient, more economical, after the war. No moving parts to wear, to get noisy, to lose their efficiency—nothing but a tiny gas or butane flame. Plenty of them right around here that have been in steady service for 10, 12, 14 years—and still doing exactly the same fine job they did the very first year. No moving parts—nothing to wear!

WHO? Who'll get the first Servel Butane Refrigerators? YOU will—IF you place that order NOW, with a small deposit. We're now taking orders on Servel Butane-operated gas Refrigerators, delivery as soon as available, first come first served.

HOW MANY? Not many, at first, for civilians. Like automobiles, lots and lots of mechanical refrigerators have been wearing out, during the past few years, and will have to be replaced. And, like automobiles, the essential users will have first call—hospitals, laboratories, etc. A lot of them will be needed for that. Don't wait. If you want to be among the first civilians to have a Servel Butane-operated Gas Refrigerator—ORDER NOW!

HOW GLAD? And next summer, will you be glad you did? When you're eating ice cream every day! When you always have plenty of ice cubes—ice water, iced tea, iced coffee, iced lemonade—day after day! When you see how it saves on the grocery bill, by keeping left overs—and by letting you buy large size cans! When you see how it keeps milk, cream and butter! When you see how it keeps you in fresh meat—week after week!

Be the First! Place Your Order for a Postwar Model SERVEL Butane-operated Gas Refrigerator—NOW!

—We have recently installed a large BUTANE STORAGE TANK so that we might be able to give the Hamlin Territory better service. We are also opening an APPLIANCE STORE in Hamlin and will carry a complete line of BUTANE AND NATURAL GAS APPLIANCES.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did.

HAMLIN TEXAS

Mr. and Mrs. C. E. Claborn of Kingston, Texas, have been visiting B. Cotten and family for the past few weeks. They came to be with Mrs. Claborn's mother, Mrs. Jannetta Cotten, who has been seriously ill for several weeks and is still in a serious condition at the home of Mr. and Mrs. Cotten.

This week Mr. and Mrs. John Cornelius are moving to Ropesville on the plains, where both of them will be connected with the school. Mrs. Cornelius will direct the Lunch Room, and John will drive a bus for a while. They recently returned from Dallas where they lived seven months.

Mr. and Mrs. David M. Bond and the son, Carl, arrived last Friday from Orange, Texas, to again make Hamlin their home—at least for a while. D. M. has been working in the Orange Ship Yards almost three years. He will likely resume his old work.
